About This Content

When things get too hot, Ted rocks his Titanium Marine outfit. This armor has withstood gunfire, acid, solar flares, psionic radiation, power swords, plasma cannons, Zurian butterknives and rabid blowfish during the many battles Ted has fought. The armor comes with air-conditioning, aim assist, onboard battlefield diagnostics, cable television and a built in candy cotton machine. It's time to get TITANIUM.

This DLC contains a custom skin for Ted McPain in Awesomenauts. You need to have Ted McPain available as a playable character in order to access the skin in-game. Owning this skin will also unlock the special portrait for use in-game. This skin contains a fully customized voice set!

Badass skin, however the voice acting can be annoying at times, just because he's using a radio to communicate.. i remember when it looked like a trooper from starcraft it looked cooler then.

good cable television and air-conditioning and candy cotton machine

wtf more do you need!!!. It is a suit of power armor from starcraft! How can anyone say no to it?!. "Shoot them until they have bullet holes in their bullet holes!". First I was dissapointed because this skin looks like Ted wears pants, but you can actually see he doesn't in the Stimpack animation. Also perfect to hide your feelings behind a Titanium helmet. 10V10
