English

Great series. Watch them all if you can.. Great comedy.

Video quality is okay at 1080p, you see quite a lot of jagged lines but it's perfectly watchable.

Sound quality is average. The mics they use are quite old and of poor quality, however there are closed caption available which portray both what is said and what is trying to be said (There's a joke about spelling which is portrayed correctly). Sound levels could use adjusting, the intro is very loud with the voices being quiet, there are explosions which are very loud.

Overall it's an enjoyable experience.. Steam video error. I'm having a lot of fun. It's like we're real soldiers.. This is a halarious Halo sireies and i love it!
